

Indicator	Indicator definition	Variables	Data source	Comments
EVD Signals reported	Any person who meet the case difination in the community	Signal number County Subcounty Ward Date signal raised	eCHIS, m-Dharura	
EVD Signals verified true	Signals with verification forms	Signal number County Subcounty Ward Date signal verified	m-Dharura, eCHIS	

Indicator	Indicator definition	Variables	Data source	
No. screened in 24 hours	Travellers screened at the 15 high-risk PoEs in 24hrs	Name of PoE Date of screening Name of traveller Age Gender Address (contact) Country of origin Transit country Destination country/county	ADAM, UHAI	
Cumulative number screened	Total number of travellers screened at the 15 high-risk PoEs	Date of screening Name of traveller Age Gender Address (contact) Country of origin Transit country Destination country/county		
No. of alerts at the PoE in 24 hours	No. of travellers flagged for secondary screening at the PoE in 24 hours	Name of traveller Age Gender Address (contact) Clinical symptoms Country of origin Transit country Destination country/county	ADAM, UHAI	
Cumulative number of alerts	Total alerts at the PoEs	Name of PoE Date of screening Name of traveller Age Gender Address (contact) Clinical symptoms Country of origin Transit country Destination country/county		
No. of suspected cases at the PoEs	No. of travellers meeting the case definition at the PoEs (after secondary screening) in 24 hours	Name of PoE Date of screening Name of traveller Age Gender Address (contact) Clinical symptoms Country of origin Transit country Destination country/county	ADAM, UHAI	
Cumulative suspected cases	Total suspected cases at the PoEs	Name of PoE Date listed Name of contact Age Gender Address (contact) Country of origin Transit country Destination country/county		Alerts
Contacts listed in 24hrs			ADAM, UHAI	
Cumulative contacts				

Indicator	Indicator definition	Variable	Data source
No. of patients screened in 24hrs	No. of patients screened for EVD in 24hrs	Name of Health Facility	EMR, Case Management Forms, EVD CIFS, Laboratory Registers
Cumulative patients screened	Total number of patients screened for EVD	Date seen at Health Facility	
No. of suspected cases in 24hrs	No. meeting case definition in 24hrs	Name of Patient	
Cumulative suspected cases	Total number meeting case definition	Unique ID (IP/EPID No.)	
No. of confirmed cases in 24 hours	Laboratory-confirmed cases in 24 hours	Age	
Cumulative confirmed cases	Total confirmed cases	Gender	
No. of deaths in 24hrs	No. of EVD-attributed deaths in 24hrs	Address (contact)	
Cumulative deaths	Total EVD-attributed deaths	Travel history	
Case fatality rate	Proportion of deaths among the confirmed cases	Clinical symptoms	
No. of admissions in 24hrs	No. of EVD admissions in 24hrs	Date of symptom onset	
Cumulative admissions	Total EVD admissions	Date sample taken	
No. of recoveries in 24hrs	No. discharged from ETU/ETC in 24hrs	Date samples sent to the lab	
Cumulative recoveries	Total discharges from ETU/ETC	Date results received	
Contacts listed in 24hrs	Contacts listed in the last 24hrs	Lab results	
Cumulative contacts	Total contacts listed	(Negative/Positive/Inconclusive)	
Contacts on follow-up	Contacts being monitored for symptoms	Country of origin	
		County	
		Ward	
Contacts discharged from follow-up	Contacts who have completed 21 days of follow-up	Name of contact	
Contacts to cases	Contacts who have developed EVD symptoms within 21 days	Date listed	
		Age	
		Gender	
		Address (contact)	
		Country	
		County	
		Ward	

Indicator	Indicator definition	Variables	Data source
Laboratory tests in 24rs	Samples tested in 24hrs	Name of Laboratory Lab ID	ADAM, Lab Registers (LIMS)
Cumulative laboratory tests	Toatal samples tested	Sample source (Facility, Ward, Subcounty, County)	
Positive tests in 24hrs)	Positive EVD samples in 24hrs	Date sample collected	
Cumulative positive tests	Total positive EVD samples	Date sample sent to the Lab	
Negative tests	Total negative tests	Date sample received at the Lab	
Inconclusive tests	Total inconclusive tests	Date sample tested	
Pending results	Total pending tests	Test conducted	
Positivity rate	Proportion of EVD samples testing positive	Date of preliminary results Preliminary results Date of final results Final results Date results communicated
